

April 9, 2020

Lebanon School District Families,

I would first like to thank our school community for your tremendous support as we have navigated together through this unprecedented journey the past few weeks.

It has been my hope that our Yellowjacket Family could return to school before the end of the school year. **Unfortunately, following the Governor's announcement this afternoon, I must share the news that the Lebanon School District will extend its closure through the end of the school year.**

While we cannot meet with students in person, we will continue to do everything possible to help students learn. We plan to continue with distance learning through the end of the school year on Thursday, May 21, 2020. It is so important that you stay in contact with your student's teacher(s) and support your child's learning. We are working hard to make sure all students have internet access, so everyone can keep learning. Additionally, our Food Service and Transportation teams will continue to support families by providing breakfast and lunch.

We know this news will bring new questions and scenarios, and we will continue to provide updates in the days and weeks to come. We know graduation is on many of our families' minds, and we will now plan to hold our commencement ceremony on the first alternate date of Saturday, June 27th.

It has been inspiring to see our community take care of one another, and together we are #LebanonStrong. Thank you for your continued support of Lebanon Schools.

Sincerely,

Dr. David Schmitz
Superintendent
